PROFESSIONAL SUMMARY -

Full-Stack Developer with over 2 years of experience building scalable, high-performance web applications using modern JavaScript technologies.

I'm skilled in developing full-stack solutions with React, TypeScript, Node.js, and Express, with a strong focus on clean architecture and maintainable code.

Experienced in updating existing codebases to improve performance, usability, and scalability, as well as building high-converting SaaS landing pages. I'm passionate about creating seamless user experiences and collaborating within cross-functional teams to deliver impactful digital products.

CORE SKILLS & COMPETENCIES -

- Full-Stack Web Development
 - Frontend Development (React, TypeScript, TailwindCSS)
 - Backend API Development (Node.js, Express)
 - Database Management (PostgreSQL, MongoDB)
 - Code Refactoring & Optimization
 - Responsive & Mobile-First Design
 - Version Control and Collaboration (Git & GitHub)
 - UI/UX Collaboration (Figma)
 - Deployment (Vercel, Netlify, Render)
-

ACHIEVEMENTS & IMPACTS -

- Improved application performance and maintainability by refactoring the old codebase across more than 3 projects, cutting code duplication by 65%
 - Collaborated with cross-functional teams of 3 to 5 developers to deliver production-ready applications within tight deadlines
 - Developed and maintained over 5 RESTful APIs that support scalable frontend applications
 - Created more than 10 reusable frontend components, enhancing UI consistency and speeding up development
-

WORK EXPERIENCE -

Backend Developer

TS Academy (Remote)

Nov 2025 – Feb 2026

- Developed and maintained RESTful APIs using Node.js and Express

- Integrated database solutions for efficient data handling and retrieval
- Collaborated with frontend developers to ensure seamless API integration

Backend Developer

TechCrush (Remote)

Oct 2025 – Jan 2026

- Built scalable backend services and API endpoints
- Optimized database queries to improve application performance
- Contributed to debugging and improving existing systems

Frontend Developer

Altschool Africa (Remote)

May 2024 – May 2025

- Built responsive user interfaces using React and Tailwind CSS
- Implemented reusable components for a scalable frontend architecture
- Collaborated with designers to translate UI/UX designs into functional interfaces

EDUCATION & CERTIFICATION -

- TSAcademy Certification for Backend Development - 2025 - TSAcademy
- American Council of Training and Development Certification - 2025 - TechCrush
- Diploma in Frontend Engineering - 2024 - Altschool Africa

SOFT SKILLS -

- English communication skills from the UK and a willingness to ask questions
- Collaborative and team-oriented mindset
- Practical problem-solving approach
- Openness to feedback and continuous improvement
- Good time management and task prioritization
- Exposure to Western systems
- Emotional intelligence
- Gym/fitness professional experience
- Open to remote or hybrid opportunities
- Adaptable and comfortable collaborating across time zones
- No illusion that life is easy
